Be My Reason

Lorrie Morgan & Sammy Kershaw

Every man needs a reason
to get up inthe morning and shave
He needs an incentive
and not just a promotion
with more pain
he needs someone to stand by him
to keep his mind from leaving
I need the same thing to
I need you to be my reason
I need you to be
All of everything to me
To let me know I am alive
Without you by my side
I might as well lay down and die
I don't want to just exist
And ever I taste your kiss
Oh, And keep on breathing
No one else will do
I need you to be my reason
Every woman needs a reason
To paint her lips and do her hair
She needs him to notice
She'll get the feeling he don't care
Someone to send her roses
And everyone knows they're out of season
I need the same thing too
I need you to be my reason
I need you to be,
All of everything to me
To let me know I am alive
Without you by my side
I might as well lay down and die
I don't want to just exist
And ever I taste your kiss
Oh, And keep on breathing
No one else will do
I need you to be my reasonNo one else on earth will do
I want you to be my reason
