

# For All We Know

## Barbra Streisand

For all we know  
We may never meet again  
Before you go, make this moment sweet again  
We won't say good night until the last minute  
I will hold out my hand  
And my heart, my heart will be in it  
For all we know  
This may only be a dream  
We come and we go like a ripple on the stream  
So love me tonight, tomorrow was made for some  
Tomorrow may never come  
For all we know[speaking]

There are so many challenges that our country faces, especially the problems of life in our big cities. so may we  
all continue to work together toward a kinder and more peaceful world; take care  
Ourselves and each other, and i'm really glad that our paths have crossed...Goodbye for tonight, remember it  
now and then

Someday we may meet again  
For all we know

Oooo...there's no telling where or when

For all we know...[speaking] thank you so much! thank you!

Well, this has been an unforgettable experience for me...nowhere on my tour have i been so warmly welcomed,  
than in the greatest place in the world, my home town, New York city! and there are so  
People here tonight! just, just imagine how boring life would be if we were all the same! and my idea of a  
perfect world is one in which we really appreciate each other's differences... short/  
Democrat/republican, black/white, gay/straight...a world in which all of us are equal, but definitely not the  
same, right? hello times square! thank you New York!
