

Tiger Dreams

Miley Cyrus

The firing pulse around this bubbly light
The second they both stop it, it's probably wrong
Why do people only show forgiveness
When they want some pull in the Sun?
So I keep tryin' to understand where we are goin'
I keep searchin' for some meanin' in my dreams
And I'm dreamin' of bein' eaten by tigers
While the sparrows start to sing in a tree And we always end up singin' the same songs
They remind us of the bullshit in the world
But they also remind us we are dying
That's why we want to sing 'em even more I don't think we got where we were goin'
I had a dream that we were in a weird sky
Why do people let their dreams
Be somethin' so bad?
Such a weird fuckin' dream
Flyin' around into the sky, superman
Changing tigers and your arrows land in circles
Those religious fucks will never understand And we always end up singin' the same songs
They remind us of the bullshit in the world
Maybe it wasn't really a dream
I can't really tell anymore
