

# I Don't Wanna Know (feat. Mirror Signal)

## The Geek x Vrv

Say what you think  
We could more important things to do  
Why don't believe  
We could more exciting things to prove

We will here for  
And there is never an excuse  
Say what you think  
We could more important things to do, uuh

Maybe I was just too late  
And I don't wanna know  
Maybe I was just too late

I don't hear what you say  
And I don't wanna know  
Maybe I was just too late

Maybe I was just too late  
And I don't wanna know  
Maybe I was just too late, baby

I don't hear what you say  
And I don't wanna know  
Maybe I was just too late

I can't quite believe that  
You wanna spend a time with me  
What do you need is  
All I need your company

You ???  
I can't never find a really tried  
I can't quite believe  
That you wanna spend a time with me

Maybe I was just too late  
And I don't wanna know  
Maybe I was just too late

I don't hear what you say  
And I don't wanna know  
Maybe I was just too late

Maybe I was just too late  
And I don't wanna know  
Maybe I was just too late, baby

I don't hear what you say  
And I don't wanna know  
Maybe I was just too late
