

Girl I Love You (feat. Horace Andy)

Massive Attack

Girl, I love you but your loving, it's gone forever
Gonna miss you but my love, it's gone forever I said, I love you, but your loving has gone forever
Gonna miss you, but my love has gone forever Girl, I'm back in Spanish town
Ain't no trouble coming around
You promise you will never let me down
If you love me that much you will stick around It's hard to tell that your love exist
But I know this one is for real
Girl, I love you but your loving, it's gone forever
Forever
