

# Cesspools In Eden

## Dead Kennedys

Advisory - the following lyrics contain explicit language:

Poison is bubbling  
Beneath your dream home  
Buried there years before Kid runs in crying from playing in the garden  
"Mommy, I burned my hands"  
"What's making our eyes so itchy?  
Don't rub 'em they'll swell up" Oh, oh, oh, oh  
It's the big waste dump  
Oh, yeah, oh, yeah We built your ticky-tacky houses  
On landfill soil, to cover up a gift  
We left you years before of toxic chemicals and leaking gas  
Just dig a little while you'll find our acid baths Cesspools in Eden  
Oozing away Groundwater's poisoned, air stings like hell  
The lines for doctors grow long  
Over Martinis the company laughs  
"We don't owe you a damn thing" But what about all these fainting spells?  
How'd you like a lick  
From my open sores And oh, oh, oh, oh  
Why are our babies stillborn?  
Oh, yeah, oh, yeah A storage tank's leaking it's about to explode  
Why evacuate when you can watch the fun  
Nothing happens here, get out the lawn chairs  
We'll drink pink lemonade and watch Martinez burn Cesspools in Eden  
Oozing away  
Leak by the day The land we sold you is right atop our acid pits  
We fill them by the truckload in the dead of night  
There's a thousand more toxic tips of the iceberg  
We pay a little bribe or we just don't report them And see what you get  
Cesspools in Eden, in Eden, no accident  
Just a little of our greed fueled negligence So you've found the proof why your cancer rate's shot up  
But whatcha gonna do when we've got all the cards  
Times Beach, Rocky Flats, Love Canal and Bhopal  
Merry Christmas, hostages from the folks who care Cesspools in Eden

In Eden  
In EdenHave a nice day
