

# Timekiller (And One remix)

## Project Pitchfork

Timekiller Go away, leave me alone  
I feel your presence in my mind  
The time seems to stop I set you free  
You calm my mind you calm my mind Make my dreams come true baby  
Every time it seems to me  
That fiction and reality melt together for eternity Liquid words dropping down the stairs  
Filling the emptiness with sense  
You and me on the floor floating on our sensibility You need a timekiller and you don't understand  
I am like quicksand, lick it from my hand  
I am your timekiller, I let your mind expand  
I am like quicksand, lick it from my hand Tick tock, tick tock madness comes tonight  
What's reality compared to me  
I rest on the bed and I'm sure I slowly get mad I'm in a state of mind which makes me blind  
For the fact that I'm a man  
I'm here to stay forever but not today You need a timekiller and you don't understand  
I am like quicksand, lick it from my hand  
I am your timekiller, I let your mind expand  
I am like quicksand, lick it from my hand You need a timekiller and you don't understand  
I am like quicksand, lick it from my hand  
I am your timekiller, I let your mind expand  
I am like quicksand, lick it from my hand In my heart there's no place for you  
And in my mind there's no space for you  
The exit already melted away  
And now there's nothing left to say You need a timekiller and you don't understand  
I am like quicksand, lick it from my hand  
I am your timekiller, I let your mind expand  
I am like quicksand, lick it from my hand You need a timekiller and you don't understand  
I am like quicksand, lick it from my hand  
I am your timekiller, I let your mind expand  
I am like quicksand, lick it from my hand
