Jack Daniel's, If You Please

David Allan Coe

Jack Daniels if you please knock me to my knees
Your the only friend there's has ever been that didn't do me wrong
Jack Daniels if you please knock me to my knees
You can kill this pain that's driving me insane since my babies goneCigarettes and whiskey calm my shaking hands
I just lost a lover to a one night stand
Something temporary to late I had to learn
Someone from her past sure it couldn't last a bridge she couldn't burnJack Daniels if you please knock me to my knees
Your the only friend there's has ever been that didn't do me wrong
Jack Daniels if you please knock me to my knees
You can kill this pain that's driving me insane since my babies gonePromises were broken dreams were left to die
Empty words were spoken tears were in our eyes
Something temporary those fears will fade away
Please do the best you can to help me understand
These games that people playJack Daniels if you please knock me to my knees
Your the only friend there's has ever been that didn't do me wrong
Jack Daniels if you please knock me to my knees
You can kill this pain that's driving me insane since my babies gone
You can kill this pain that's driving me insane since my babies gone
