

It's Your Move

Diana Ross

I don't understand it 'cause you won't say yes
But you don't say no
Sayin' no shouldn't you keep holdin' out
But you don't let go
I'm givin' up on trying
To sell you things that you ain't buying It's your move
I played all of mine
Time is running out
Make your move
Or we can't go on
Till you understand
It's all in your hands
It's your move You're giving me the business with that old come on
But you don't come across
You get me so excited don't you know you're such a tease
When I think you're gettin' hot, you're not
So what's the problem, what's wrong
This kiss and miss you know it can't go on It's your move
I played all of mine
Time is running out
Make your move
Or we can't go on
Till you understand
It's all in your hands
It's your move I'm givin' up on trying now it's
Girl, if you ain't buyin' now it's
I gave it all I got now it's
I thought you were hot but you're not so it's
Your move, your move your move It's your move
I played all of mine
Time is running out
Make your move
Or we can't go on
Till you understand
It's all in your hands
It's your move It's your move
I played all of mine
Time is running out
Make your move

Or we can't go on
Till you understand
It's all in your hands
It's your moveIt's your move
I played all of mine
Time is running out
Make your move
Or we can't go on
Till you understand
It's all in your hands
It's your move
