

# Hold Me Closely

## Positive

Hold me closely, let me feel your embrace  
Consume me and use me, I need amazing grace  
Just touch me gently, You blessed my future bride  
And if the love of my wife is true, woman I'll see Jah inside you

### Verse 1:

A womb is blessed, and blessed is the woman that will give me my 10 kids  
Just like the rays dem of the sunshine  
God You penetrate my heart and my mind  
I've got blessings upon my lovenest  
I give thanks cause Positive is never loveless  
Jah You see all my tears through the raindrops  
Keep me together like the galvanize on rooftops

### Verse 2:

You see right through me, all my love inside  
It all belongs to You  
There's one thing I've been searching for but I found it found it  
Lord I found it in You  
And when I'm with You  
You make me rise  
Now I can stand on my feet again  
And when I'm with You  
I'm feeling alive inside
