Keep On Swinging

Rival Sons

One day my prayers are gonna be answered
So long I been hungry for something else
Where there's a will n there's a way... cause
The lord helps those who help themselvesHey, hey I keep my head down but I keep on swingin'
Hey I keep my head down but I keep on swingin'
Hey I keep my head down but I keep on swingin'
Hey I keep my head down but I keep on swingin'Right now somebody's counting my money
So much they can't see the top of the stack
There's a will there's away
Moneys gonna find my hand one day and
When it does I ain't looking backHey, hey I keep my head down but I keep on swingin'
Hey I keep my head down but I keep on swingin'
Hey I keep my head down but I keep on swingin'
Hey I keep my head down but I keep on swingin'
