

# Keep On Swinging

## Rival Sons

One day my prayers are gonna be answered  
So long I been hungry for something else  
Where there's a will n there's a way... cause  
The lord helps those who help themselvesHey, hey I keep my head down but I keep on swingin'  
Hey I keep my head down but I keep on swingin'  
Hey I keep my head down but I keep on swingin'  
Hey I keep my head down but I keep on swingin'Right now somebody's counting my money  
So much they can't see the top of the stack  
There's a will there's away  
Moneys gonna find my hand one day and  
When it does I ain't looking backHey, hey I keep my head down but I keep on swingin'  
Hey I keep my head down but I keep on swingin'  
Hey I keep my head down but I keep on swingin'  
Hey I keep my head down but I keep on swingin'
