

# Here It Is Christmas Time

## Old 97's

When we are born we are swaddled and suckled  
Whispered to, fussed over, tickled and cuddled  
When we grow up, things get muddled  
And here it is, Christmas time

Will you stop by for a piece of delicious peach pie  
While I tell you my yuletide wishes  
You can help me, do the dishes  
'Cause here it is, Christmas time

We all want someone, who will love us and hold us  
To curl up alongside, when nights are the coldest  
We all want someone, who will hug us and kiss us  
All I want is you for Christmas  
All I want is you for Christmas

Let us examine the holiday spirit  
Let the small kids sing so we can all hear it  
Light up a fire and pull the chair near it  
'Cause here it is, Christmas time

We all want someone, who will love us and hold us  
To curl up alongside, when nights are the coldest  
We all want someone, who will hug us and kiss us  
All I want is you for Christmas  
All I want is you for Christmas

When we are born we are swaddled and suckled  
Whispered to, fussed over, tickled and cuddled  
When we grow up, things get muddled  
And here it is, Christmas time

We all want someone, who will love us and hold us  
To curl up alongside, when nights are the coldest  
We all want someone, who will hug us and kiss us  
All I want is you for Christmas  
All I want is you for Christmas

All I want is you for Christmas
