

Front Porch

Zed Head

(c) - john burkitt (zed head)

i got a big ass woman, she loves to ride my rigid frame
i got a big ass woman, she loves to ride my rigid frame
if she bends my springer, i will love her just the same.

my big ass woman, she just sits around growin' her big ass
my big ass woman, she just sits around growin' her big ass
my big ass woman, she's full of red beans and gas...

my big ass woman, she's no safer than the crack of dawn
my big ass woman, she's no safer than the crack of dawn
when i give her big ass a whack, she knows it's time to get it on
