

Judas (2007 Remastered Version)

Dover

I don't care about what you say,
because I just don't get it.
I don't care about what you say,
because I just don't get it.
Now I see a light on you,
that wasn't there before.
Now I see a light on you,
that wasn't there before.
You lied! You lied!
Jesus Christ was only a man.
You lied! You lied!
Jesus Christ was only a man. I don't care about what you say,
because I just don't get it.
I don't care about what you say,
because I just don't get it.
Now I see a light on you,
that wasn't there before.
Now I see a light on you...
You lied! You lied!
Jesus Christ was only a man.
You lied! You lied!
Jesus Christ was only a man. I can't stop shacking!
I can't stop shacking! You lied! You lied!
Jesus Christ was only a man.
You lied! You lied!
Jesus Christ was only a man.
