Love Suite

Blue System

Baby, baby
Let me down easy
Let me down
Careful and tease me
Baby, baby
Come on hear my heartBaby, baby
With sweet devotion
You can take me all over the ocean
Baby, baby
Come on, try my heartCome baby
Keep away from other boys
Come on, my love suite, baby
Come be my love suiteTreat me like a broken toy
Come on, my love suite, baby
Love suite, babyAngel of the night
Be my girl and hold me tight
Don't want to lose your heart
Don't want to lose you once againBaby, baby
Try it together
Feel the need here and forever
Baby, baby
Treat me like your manBaby, baby
Oh, sweet surrender
Let me be your great pretender
Baby, baby
Come and try my heartCome baby
Keep away from other boys
Come on, my love suite, baby
Come be my love suiteTreat me like a broken toy
Come on, my love suite, baby
Love suite, babyAngel of the night
Be my girl and hold me tight
Don't want to lose your heart
Don't want to lose you once againCome baby
Keep away from other boys
Come on, my love suite, baby
Come be my love suiteTreat me like a broken toy
Come on, my love suite, baby
Love suite, babyKeep away from other boys

Come on, my love suite, baby
Come be my love suiteTreat me like a broken toy
Come on, my love suite, baby
Love suite, baby
