

Dogs In the Yard

Paul Mccrane

I want to be bad
And not even care
I want to go out of my head somewhere
I want run crazy
Like the dogs in the yard
I want to cut the rope
But it's getting so much harder I think I'll play poker
Stay out every night
Throw stones at the water
In the morning light
I want to be lazy like the dogs in the yard
Why can't I fly tonight?
Why can't I sleep all morning?
I'm going out of my mind tonight
That's where I'm going
That's where I'm going Gonna have a good time
Before it's too late
Come on, baby, let's go uptown and celebrate
Gonna celebrate!
We're gonna run crazy
Like the dogs in the yard
We're gonna fly tonight
We're gonna sleep all morning We're going out of our minds tonight
That's where we're going
That's where we're going
