

Drained

In Flames

What we had we throw away
We were close to heaven
But we ended up in hell
What we had we throw away Just cause the hurt doesn't show
There's no way to recover
You broke my heart in two
I had a dream of growing old
I saw us driving to the end of the road We had this world of make believe
I thought I saw the fire in your eyes You ripped the heart out, you ripped the heart out
You ripped the heart out of my will to survive
You ripped the heart out, you ripped the heart out
You killed the part of me that kept us alive I'm drained and out of phase
I was shooting straight but you stole my aim
Could have walked for miles
We were supposed to be the end of the line We had this world of make believe
I thought I saw the fire in your eyes You ripped the heart out, you ripped the heart out
You ripped the heart out of my will to survive
You ripped the heart out, you ripped the heart out
You killed the part of me that kept us alive You killed the part of me that kept us alive We had this world of
make believe
I thought I saw the fire in your eyes You ripped the heart out, you ripped the heart out
You ripped the heart out of my will to survive
You ripped the heart out, you ripped the heart out
You killed the part of me that kept us alive You ripped the heart out, you ripped the heart out
You killed the part of me that kept us alive
