Cause I wanna take you down town
Show you my thing, show you my thing
Cause I wanna take you down town
Show you my thing, show you my thingGo down go down go down go down town
Go down go down go down go downYour face never saw the sites the bright lights
The walls that always invite
Get it right no more fight
You'll be there up all night
I'll give you a bus ride a pox slide a High rise full of surprises
