

Forever In My Life

Prince

There comes a time in everyman's life
When he gets tired of fooling around.
Juggling hearts in a three ring circus.
Some day it will drive a body down to the ground.I never imagined that love would rain on me
And make me want to settle down.Baby it's true,
I think I do and I just want to tell you that
I want to with you and baby if you do too.
I want to be with you forever.Forever, baby I want you forever.
I want to keep you for the rest of my life.
All that's wrong in my world you can make right.
You are my savior, you are my light.
Forever I want you in my life.There comes a road in every man's journey
That he is afraid to walk on his own.
I'm here to tell you that I'm at that road
And I'd rather walk it with you than walk it alone.You are my hero; you are my future,
When I am with you I have no past.
Oh baby my one and only desire is find some way in this doggone
World to make this feeling last.Oh baby its true I know I do and I want to tell you
I that I want to with you and baby if you do too.Forever, forever I want you baby.
Baby forever I want to keep you for the rest of my life
All that's wrong in my world you can make right
You are my savior you are my light foreverI want you in my life
