We're Not In Kansas Anymore...

I See Stars

We are dark
The way the night stretches over the sun
And we're up to no good
Yeah, we're up to no goodNo we wont go peaceful
There is no excuse for the way that we live
Yeah we're up up to no good
No we won't go peacefulWill you release me my friend?
There's no where to run or hide
Again and again
Getting lost in the depths of my mind
And this cell can't hold back my dangerous thoughts959 miles away is where you'll find me
I'm afraid I've been locked away
Throw out the key
Throw out the key
I'm afraid I've been locked awayWe are dark
The way the night stretches over the sun
And we're up to no good
Yeah, we're up to no good
No we wont go peacefulThere is no excuse for the way that we live
Yeah we're up up to no good
No we won't go peacefulWill you release me my friend?
There's no where to run or hide
Again and again
Getting lost in the depths of my mind
And this cell can't hold back my dangerous thoughtsThere's nowhere to run or hide
Getting lost in the depths of my mind959 miles away is where you'll find me
I'm afraid I've been locked away
Throw out the key
Throw out the key
I'm afraid I've been locked awayDon't look back
Don't look backGet me the hell away from hereYou don't know you're free
Until you're locked away
Even just for a dayI tell you I'm not the man I used to be
