

# We're Not In Kansas Anymore...

## I See Stars

We are dark  
The way the night stretches over the sun  
And we're up to no good  
Yeah, we're up to no good No we won't go peaceful  
There is no excuse for the way that we live  
Yeah we're up to no good  
No we won't go peaceful Will you release me my friend?  
There's no where to run or hide  
Again and again  
Getting lost in the depths of my mind  
And this cell can't hold back my dangerous thoughts 959 miles away is where you'll find me  
I'm afraid I've been locked away  
Throw out the key  
Throw out the key  
I'm afraid I've been locked away We are dark  
The way the night stretches over the sun  
And we're up to no good  
Yeah, we're up to no good  
No we won't go peaceful There is no excuse for the way that we live  
Yeah we're up to no good  
No we won't go peaceful Will you release me my friend?  
There's no where to run or hide  
Again and again  
Getting lost in the depths of my mind  
And this cell can't hold back my dangerous thoughts There's nowhere to run or hide  
Getting lost in the depths of my mind 959 miles away is where you'll find me  
I'm afraid I've been locked away  
Throw out the key  
Throw out the key  
I'm afraid I've been locked away Don't look back  
Don't look back Get me the hell away from here You don't know you're free  
Until you're locked away  
Even just for a day I tell you I'm not the man I used to be
