Advisory - the following lyrics contain explicit language:

Let's goEverybody needs to start their own fire
Everybody needs a riot of their own
Everybody needs to be something they are not
Everybody needs to go it alone (Because)Living so free is a tragedy
When you can't be what you want to be
Living so free is a tragedy
When you can't see what you need to see (Okay)All the time spent hanging on to anything
All the time spent knowing that they are wrong
All the time wasted, stolen back, innocent
You won't get a second more so move it along (Because)Living so free is a tragedy
When you can't be what you want to be
Living so free is a tragedy
When you can't see what you need to seeLiving so free is a tragedy
When you can't be what you want to be
Living so free is a tragedy
When you can't see what you need to seeWishing and hoping and thinking it's you
That's got this all under control
Never a minute has passed you all by
When they haven't invaded your soulIt's not something you can hold
It's not something you own
It's not something you can buy or steal
You've got it when your aloneBeing free is a tragedy
When you don't know yourself
Being free is a tragedy
When you don't know who you areLiving so free is a tragedy
When you can't be what you want to be
Living so free is a tragedy
When you can't see what you need to seeLiving so free is a tragedy
When you can't be what you want to be
Living so free is a tragedy
When you can't see what you need to seeLets go
Hey, hey, hey

Alright then
This is the story of your life man
