

Don't Wanna Fall In Love

[Green Day](#)

Advisory - the following lyrics contain explicit language:

Don't want to have you hangin' around me like a leech
I think you're just a problem, so stay the hell away from me
Because I don't believe in you and I wanna sit here all my life alone
This may sound a little rough, don't wanna fall in love Don't need security, I ain't no dog without a bone
Don't have no time for love, so stay the fuck away from me
Because I don't believe in you and I wanna sit here all my life alone
This may sound a little rough, don't wanna fall in love This may sound a little rough, don't wanna fall in love
This may sound a little rough, don't wanna fall in love
This may sound a little fucked, don't wanna fall in love
