To The Club

Ashanti

I can't help it when a guy is watching me
And I can't help it if he wants to buy a drink
And I'm not mad that you didn't get to come
You see I can't bring my man to the clubAnd I can't help it if I kinda wanna flirt
And I can't help it if he's looking up my skirt
And I'm not mad 'cause I'm only having fun
You see I can't bring my man to the clubSee me and her was going to the club that night
I seen him and I knew that he was just my type
Rolling through the club and then he winked his eye
Licked his lips real slow then he said helloHe made his way to saying how you doing, what's your name?
I told him I'm Ashanti and he said I'm glad you came
He asked about my man and when's the next time I'll be free
I smiled and shook my head then I said thank you for the drinkI can't help it when a guy is watching me
And I can't help it if he wants to buy a drink
And I'm not mad that you didn't get to come
You see I can't bring my man to the clubAnd I can't help it if I kinda wanna flirt
And I can't help it if he's looking up my skirt
And I'm not mad 'cause I'm only having fun
You see I can't bring my man to the clubI was dancing on the floor 'cause my song was on
He pulled up behind me said his name was Shawn
He told me that he liked the way I moved my hips
Snapped my fingertips then I licked my lipsIt was going on 3 and we decided to leave
He walked me to the car and said he'd pay my parking fee
As we're rolling out the lot he said he wanted to chill
I smiled and shook my head then I said thanks for paying the billI can't help it when a guy is watching me
And I can't help it if he wants to buy a drink
And I'm not mad that you didn't get to come
You see I can't bring my man to the clubAnd I can't help it if I kinda wanna flirt
And I can't help it if he's looking up my skirt
And I'm not mad 'cause I'm only having fun
You see I can't bring my man to the clubOh, it ain't my fault that you can't do what you want
'Cause your man's witcha at the club
And my man's waiting back at home, yeahOh, it ain't my fault, that you can't do what you want
'Cause your man's witcha at the club
And my man's waiting back at home, yeahI can't help it when a guy is watching me
And I can't help it if he wants to buy a drink
And I'm not mad that you didn't get to come
You see I can't bring my man to the clubAnd I can't help it if I kinda wanna flirt
And I can't help it if he's looking up my skirt

And I'm not mad 'cause I'm only having fun
You see I can't bring my man to the clubI can't help it when a guy is watching me
And I can't help it if he wants to buy a drink
And I'm not mad that you didn't get to come
You see I can't bring my man to the clubAnd I can't help it if I kinda wanna flirt
And I can't help it if he's looking up my skirt
And I'm not mad 'cause I'm only having fun
You see I can't bring my man to the clubI can't help it, I can't help it
I cant help it, no, no, no, no
I can't help it, I can't help it
I cant help it, no, no, no, no
