Dont wanna show us some love...

You better do it for love...

You wanna put it for love...

You better do it for love...This is love!

This is love!

You better do it for love...

You better do it for love...

Round and round I go, you know

I see so many face

They don't know the reason why

They're all inside this place

It's that thing that makes it right

It keeps us all together

Hate will try to seperate

But I know it's the treasureYou better do it for love

You gotta hit me with love

You gotta kill it with love

C'mon and show us some love

C'mon and put up with love

C'mon let's do it for love

You gotta hit me with love

You gotta kill it with love

C'mon and show us some loveYou gotta do it for love.
