Friend Lover

Electrik Red

He's my friend lover, lover like no other
Fills me up with I'm runnin' low on love
He's my friend lover, lover like no other
He fills me up when I'm runnin' low on love
I just take the phone, dial him up
Tell him what I want
Need a little this, need a little that
From the front, from the back
He don't want talk about where I been
I don't want to talk about what he did
For me he'll leave his homies'
Come over and put it on me
We don't want to talk about what we do
Its' just between us two
He's not my man all day
But all night he's my boo
He's my friend lover, lover like no other
Fills me up with I'm runnin' low on love
He's my friend lover, lover like no other
He fills me up when I'm runnin' low on love
Friend lover, friend lover
I miss him when he's gone
Even though there's nothin' set in stone
He can be my man if I wanted him to
But I'm so bad, I'll never break the rules
Rule one, no poppin' up, up unannounced
Rule two, never leave no clothes at my house
Rule three, can't speak if you see me when I'm out
Rule four, you cant' stay pass five, I gotta be at work by nine
He don't want talk about where I been
I don't want to talk about what he did
For me he'll leave his homies
Come over and put it on me

We don't talk about what we do
Its' just between us two
He's not my man all day
But all night that's my boo
He's my friend lover, lover like no other

Fills me up with I'm runnin' low on love
He's my friend lover, lover like no other
He fills me up when I'm runnin' low on love
Lover, lover, lover
He don't want talk about where I been
I don't want to talk about what he did
For me he'll leave his homies'
Come over and put it on me
We don't talk about what we do
Its' just between us two
He's not my man all day
But all night that's my boo
He's my friend lover, lover like no other
Fills me up when I'm runnin' low on love
He's my friend lover, lover like no other
He fills me up when I'm runnin' low on love
He's my friend lover, lover like no other
Fills me up when I'm runnin' low on love
He's my friend lover, lover like no other
He fills me up when I'm runnin' low on love
He's my lover, lover
Lover, lover, lover
Lover, lover, lover
Lover, lover, lover
Lover, lover, lover
Lover, lover
Lover, lover, lover
Lover, lover, lover
