

Cry Cry Cry

Patrice

Bang bang
I am making a ghost
When my gun barrel smokes
Poor thing jumped out of her clothes
Her body dropped
Undressing her
Undressing her soul
Another girl with a broken heart
The world jut doesnâ€™t need
Not one more lonely thought
Singing a sad song
Iâ€™m begging please!
Say
I do anything !

Bang bang
I am making a ghost
When my gun barrel smokes
Poor thing jumped out of her clothes
Her body dropped
Undressing her
Undressing her soul
Another girl with a broken heart
The world jut doesnâ€™t need
Not one more lonely thought
Singing a sad song
Iâ€™m begging please!
Say
I do anything !

Woi woi woi
Never want to see my girl
Cry, cry, cry
No way, no way

Woi woi woi
Never want to see my girl
Cry, cry, cry

No way, no way

Woi woi woi
Never want to see a girl
Cry, cry, cry
No way, no way

Woi, woi, woi
Rather would I wanna die
Rather would I wanna die

Bang, bang
He was putting her down
Ice cold like America
Down
Poor thing was enjoying the ride
She thought she was on a mary go
Round
Bad boys move in silence girl
The night is still with no soul around
So smooth,
No violence now
Hush donâ€™t make a sound

Woi woi woi
Never want to see my girl
Cry, cry, cry
No way, no way

Woi woi woi
Never want to see a girl
Cry, cry, cry
No way, no way

Woi woi woi
Never want to see my girl
Cry, cry, cry
No way, no way

Woi, woi, woi
Rather would I wanna die
Rather would I wanna die

Woi woi woi
Never want to see my girl
Cry, cry, cry

No way, no way

Woi woi woi
Never want to see a girl
Cry, cry, cry
No way, no way

Woi woi woi
Never want to see my girl
Cry, cry, cry
No way, no way

Woi, woi, woi
Rather would I wanna die
Rather would I wanna die
