Explain It to Me

The Sky Drops

Head underwater
Keeps getting hotter
Give 'em your medicine
Fame injectionTell him to jump higher
Tell him to run farther
Make him measure up
Decades longer than youPiece it together
It's like weather
Watch him travel
Kiss the gravelTell him to jump higher
Tell him to run farther
Make him measure up
Ten times longer than you ever should
You never could explain them to me
Explain them to me
