Boyfriend #2

Pleasure P

Call me when your man ain't around
I don't mind being the dude on the side, ya digTurn around, let me lick you from your neck down to your navel
'Cause shawty you look ready
Forget the bed, I wanna lay your body right here on the table
So just hold it steadyI'll go get the camera, we can make a movie
I'ma gonna put my hands up, lay back while you do me
Jump right out the shower into the jacuzzi
Giving you what your body wantsI'm boyfriend number 2
'Cause the first one he don't really seem like he know what to do
I'm boyfriend number 2
And I know you like it freaky so I'm gonna give it to youI'm boyfriend number 2
Don't fuss, don't fight, don't argue
'Cause second place always got a whole lot to prove
So whenever you get in the mood
Just call boyfriend number 2Grab my hand, I'ma pick you up and put you on the counter
Girl, you feel so sexy
I'm not your other man, I'm a take my time and kiss all around ya
Only if you let meI'll go get the camera, we can make a movie
I'ma gonna put my hands up, lay back while you do me
Jump right out the shower into the jacuzzi
Giving you what your body wantsI'm boyfriend number 2
'Cause the first one he don't really seem like he know what to do
I'm boyfriend number 2
And I know you like it freaky so I'm gonna give it to youI'm boyfriend number 2
Don't fuss, don't fight, don't argue
'Cause second place always got a whole lot to prove
So whenever you get in the mood
Just call boyfriend number 2Ladies if you got a man
And a buddy on the side say yeah, say yeah, yeah
If you be making plans
'Cause he don't hit it right, say yeah, yeahI got a couple places, I'm sure he don't know about
No familiar faces, you could feel free to go out
I'm not afraid of doing what he doesn't doI'm boyfriend number 2
'Cause the first one he don't really seem like he know what to do
I'm boyfriend number 2
And I know you like it freaky so I'm gonna give it to youI'm boyfriend number 2
Don't fuss, don't fight, don't argue
Prove
So whenever you get in the mood

Just callI'm boyfriend number 2
'Cause the first one he don't really seem like he know what to do
I'm boyfriend number 2
And I know you like it freaky so I'm gonna give it to youI'm boyfriend number 2
Don't fuss, don't fight, don't argue
'Cause second place always got a whole lot to prove
I got something to prove right now
