

Golden Shackles

Stoney LaRue

Well it must 've been lost in the golden shackles
Pretty when you look and hard to get away
Once upon a time I was a 6-foot johnny
Nothin was nothin I could not shakeBut no one ever tried to hit me from a blind side
I could see it comin from yesterday
Shot in the dark, it's a once in a lifetime
7 come 11 must 've rolled your wayIt's an open broken heart I'm holdin
Time for learnin, learnin, yeahWell I guess it's what you get when you're takin it lazy
Chance that you take when you're playin it cool
Caught me when the thoughts were a little bit hazy
Drown me in the depths of a shallow-end poolBut no one ever tried to hit me from a blind side
I could see it comin from yesterday
Shot in the dark, it's a once in a lifetime
7 come 11 must 've rolled your wayIt's an open broken heart I'm holdin
Time for learnin, learnin, yeahWell it must 've been lost in the golden shackles
Pretty when you look and hard to get away
Once upon a time I was a 6-foot johnny
7 come 11 must 've rolled your way
Yeah, 7 come 11 must 've rolled your way
I guess 7 come 11 must 've rolled your wayIt's an open broken heart I'm holdin
Time for learnin, learnin, yeah
Hey, I'm still learning
Ooh alright
