

# Wish I Could Stay

Laleh

take me to the lake side  
place me among the trees that hide  
from the dust and from the old  
by the river and by the oak will there be a bowl of soap  
like the songs we were told  
will there be a boat  
that will take me to the other side because i'm on my way to somewhere  
i'm on my way to something  
but i'll meet you when you get there  
i wish could stay my friend  
i wish could stay sunday call and after all  
a prayer would only make me blush  
but thanks for letting us  
who do I thank for another day?  
a prayer would only make me blush  
but thanks for letting us  
who do I thank for another day? i wish could stay my friend  
i wish could stay
