Always (Album Version)

Lisa Shaw

Right here in my head, you float around and back again
I want it in my hands spinning round and round
You can't break this 'cause it's always in my mindI'm so into youOne thought of you and I'm so right
And it's alright, always, mmm, always
True love never fades, always
Love always, alwaysLonely doesn't exist because of the memories I have here
They grow stronger and more and with all that I do
I'm gonna hold on 'cause you keep me so aliveI'm so into youOne thought of you and I'm so high
One thought like this and it's alright
True love never fades
Always, alwaysTrue love never fades
Always, mmm, always
Always
Love always, love alwaysOoh yeah, always mmm always
Yeah, always, hey
Love always, mmmLove always
Love is always
Hey ya yay
