

# K Car

## Relient K

Is it just a car  
Or is it so much more?  
It's a superstar  
With the gas to the floor  
Zero to sixty in remarkable time  
It's the automobile that's top of the line  
We got a k car on the road of life  
We're gonna get far if the driver's Christ  
Is it just a car  
Or is it so much more?  
It's a superstar  
With the gas to the floor  
In a drag race all the others fall  
And Brandon Ebel just gave us a call
