

Ride & Slide

Jodeci

Come in and shut the door
I could leave my back down on
The floor
Girl you are so bold
Come and take control

Riding up and down
Give you all my lovin' round and round
Suck on your toes
And we can start to blow

Do you know
You can get a ride
I wanna slide tonight
Baby, I'm gotta taste your love tonight
Sugar, one more time, come on

Do you know
You can get a ride
I wanna slide tonight
Baby, I'm gonna hear you moan so right
Sugar

Feel my tongue move up and down
I can taste the waters streaming down
Girl you taste so fine
You're one of a kind
You're one of a kind

Lady move with me
So I can keep you humping to my beat
Don't you worry about the time
Temperatures are to climb

Do you know
You can get a ride
I wanna slide tonight
Baby, I'm gotta taste your love tonight
Sugar

Do you know
You can get a ride
I wanna slide tonight
Baby, I'm gonna hear you moan so right
Sugar

All day
And baby all night
We can rock it
Just hold me tight
And I won't ever let you go o-no-no

Girl I know it's gonna feel so right
We can rock it
Just hold me tight
And don't ever let me go o-no-no

We can start to flow
We can start to flow
Oh, DeVante solo

Do you know
You can get a ride
I wanna slide tonight
Baby, I gotta taste your love tonight
Sugar

Do you know
You can get a ride
I wanna slide tonight
Baby, I'm gonna hear you moan so right
Sugar

Slide
Help Me sing my song
do do do do do do
do do do do do do do do
do do do do do do
do do do do do do do do

Do do do do you wanna ride with me
Do do do do you wanna ride with me
Do do do do you wanna ride with me
Do do do do you wanna ride with me

Come on ride

Come on ride
Come on ride with me
