

# Quickly (feat. Brandy)

## John Legend

Oh you said it  
Oh yea[Verse 1]  
If I had twenty million dollars in a vault somewhere baby, it wouldn't matter anyway  
Cause the doctor told me that I'm dying slowly  
So I guess I got to love you while I'm here baby  
Did you know[Bridge]  
The news said the sky is falling, the globe is warming  
My country warring, leaders are lying, time is running  
No where to go[Chorus]  
I know we just met but baby could u love me quickly, quickly  
I, want you to love me like you know the world is about to end baby, quickly[Verse 2]  
You said you didn't even know my name, but  
Told me we mind as well make ours the same  
What do you think baby (no time)  
Think it mind as well be light years away, ohhh  
We just better land on the stars before they come crashing down cause I heard the news  
say[Bridge][Chorus]Yea that's right baby kiss me like the world is quacking  
Do it like the earth is shaking  
You got it baby, that's right lovely  
Fill me like our time is sprinting faster running out of time[Chorus]
