Flowers

Cats On Trees

At night sometimes, everything's spinning
And the mountain's too high to keep climbing
You want to play right, your hands are shaking
You'd love to know someone but you keep doubtingYou keep trying, nothing's working
Losing your head, doing the same things
You've blocked everything else
You've kept it for yourselfCan somebody hug me now
So I can be myself
And give away
All of my heartStunning people are all around you
Stop pretending, it's not about you
You won't know it all
Open your chest and strip it all
Can somebody hug me now
So I can be myself
And give away
All of my heartPeople falling
Seasons fading
Mountains burning
Flowers growing
It's time to shut your mind and give away
Sky is diving, stars are rising
Sea is moving, sand is leaving
It's time to shut your mind, and give awayCan somebody hug me now
So I can be myself
And give away
All of my heart
Don't be sorry, don't feel bad
To be hurt makes you feel alive
Deeper the wound, greater the gift
Welcome the lift, enjoy the rideAt night sometimes, everything's fine
The mountain's not that hard to climb
You want to play right, your hands are steady
You now know someone you keep hopingCan somebody hug me now
So I can be myself
And give away
All of my heartPeople falling
Seasons fading
Mountains burning

Flowers growing
It's time to shut your mind and give away
Sky is diving, stars are rising
Sea is moving, sans is leaving
It's time to shut your mind, and give awayCan somebody hug me now
So I can be myself
And give away
All of my heart
