

Raw

Monica

Swizzie, Monica, let's work
Bounce, bounce, bounce, bounce, bounce
You want that, you gotta have that
I know you need that, you gotta have that
You want that, you gotta have that
I know you need that, you gotta have that
You get the paper, make the paper
You know I'ma come and save ya
You know where I live, I got them million dollar neighbors
I came through your block lookin' so clean
Them chicks like, "Damn, he got the 'Shoulder Lean'?"
You can touch it, you can grab it
If you like it, you can have it
We flyin' way far, girl, I make that ya habit
I'm caked out to death, you rocked out to death
I make ya spend it all 'til it ain't, ain't left
I'ma have to spit it like this
Say the same thing wit a little twist
Soft, sweet, ain't workin' no more, no
I'm fit and give it to ya raw so
Your 22's ain't nothin' new
You out hustlin', you better bring it in
Soft, sweet, ain't workin' no more, no
I'm fit and give it to ya raw so
Now you can say bye to me being lady-like
Say peace to me tryna keep the peace
It ain't work then, you only hurtin' me
But now you missin' me when I go crazy
Get in line when I lose my mind
I found out I gotta get you mad
For you to make me glad, so I
I'ma have to spit it like this
Say the same thing wit a little twist
Soft, sweet, ain't workin' no more, no
I'm fit and give it to ya raw so
Your 22's ain't nothin' new
You out hustlin', you better bring it in
Soft, sweet, ain't workin' no more, no
I'm fit and give it to ya raw so

Okay, okay, okay, okay, Swizzie
Well, since you so street
I'ma bring it to your level
Imagine I'ma ya new connect
You 'bout to meet tomorrow
Keepin' me happy is so important
I'm the one who can keep this callin'
You need to take that, apply it to this
All that hard work, apply it to here
If you want me to be girl that you must, so I
I'ma have to spit it like this
Say the same thing wit a little twist
Soft, sweet, ain't workin' no more, no
I'm fit and give it to ya raw so
Your 22's ain't nothin' new
You out hustlin', you better bring it in
Soft, sweet, ain't workin' no more, no
I'm fit and give it to ya raw so
I'm fit and give it to ya raw so
All my girls, just give it to 'em raw so
Them boys with no game we ain't for
I'ma have to spit it like this
Say the same thing wit a little twist
Soft, sweet, ain't workin' no more, no
I'm fit and give it to ya raw so
Your 22's ain't nothin' new
You out hustlin', you better bring it in
Soft, sweet, ain't workin' no more, no
I'm fit and give it to ya raw so
So raw
