

# You Can't Kill Me

[Lene Lovich](#)

You can't kill me, you can't kill me

You can't kill me, you can't kill me

You can't kill me, you can't kill me You can blow me up with an atom bomb

But I'll be right back and it won't take long I can't kill you, I can't kill you

I can't kill you, I can't kill you If I shoot you down as a mean old man

You'll be coming to a bade me in Japan You can't kill me, you can't kill me

You can't kill me A driver of a flesh machine, is what you really are.

(really are)

A you can't stop a rebel just by smashing up his car We can't kill we, we can't kill we

We can't kill we, we can't kill we Since we'll both be here again, we might as well try being friends We can't kill  
we
