

# Here Is The News

## Electric Light Orchestra

Here is the news  
Coming to you every hour on the hour  
Here is the news  
The weather's fine but there may be a meteor shower. Here is the news  
A cure's been found for good old rocket lag  
Here is the news  
Someone left their life behind in a plastic bag. Here is the news  
Another action filled adventure  
Here is the news  
All the worst from the world convention. Here is the news  
I wanna go home, I want my baby back
