Hold On

Icona Pop

I felt the first real sting
Right about the time that you let it ring,
Left me high and dry
Now I can see you're letting goI tried to walk these streets
Hoping that my feet wouldn't fail me
Waiting for a sign
But I can see you're letting goHold on
'Cause I don't think that I can save us baby
But hold on
'Cause I don't feel like letting go oh oh oh
We got so high
We can't come down
So hold on
'Cause I don't feel like letting goWe had a real good thing
Right about the time that you fell for me
Used to hold me tight
But I can see you're letting goI tried to walk these streets
Hoping that my feet wouldn't fail me
Waiting for a sign
But I can see you're letting goHold on
'Cause I don't think that I can save us baby
But hold on
'Cause I don't feel like letting go oh oh oh
We got so high
We can't come down
So hold on
'Cause I don't feel like letting goI don't feel like letting go oh oh oh
Letting go
I don't feel like letting go
Letting go
I don't feel like letting go
Letting goHold on
'Cause I don't think that I can save us baby
But hold on
'Cause I don't feel like letting go oh oh oh
We got so high
We can't come down
So hold on
'Cause I don't feel like letting go
