

My Oldest Friend

Andrew Belle

on't wanna sound ridiculous
But I think you know I'm sick of this
And I kinda think that we can bend, do you?
I'll try to be a better friend to you
You know I miss ya in my life
And I kinda think that I realize
That I was only lookin out for me
Instead of gettin you the help you need
Who do you think you are?

Who do I think I am?
Barely listening to my oldest friend
I've given one, you've taken two
But this medicine has followed you
From the eastern coast and back again
So I tell you once but not again
That I only miss you in my life
And I hope you finally realize
That I'm only looking out for you
When I'm not afraid to see this through
