Forever

R. Kelly

Baby, I have something that I want to ask you
So sit back and listenHey, Ms. Beloved , we are gathered here
To join each other hand in hand
No more playin' house, no
'Cause I wanna make it real, do you understand?To have and to hold, until death do us part
No one, no one could ever
Interrupt the beats of our heart
'Cause this is gonna lastForever and ever and ever and ever
And ever and ever and ever and ever
Forever and ever and ever and ever
And ever and ever and ever and everNow, there's no one here to speak out
And interrupt this ceremony, oh baby, yeah
All you got to do is say you love me
Say that you love me and we'll walkAnd we will walk down the aisle
Watching the people smile
Flowers are everywhere
Nothing else can compareGirl, you've got the kind of love
That makes a man like me
Wanna settle down
A picket fence and a house, yeahForever and ever and ever and ever
And ever and ever and ever and ever
Forever and ever and ever and ever
And ever and ever and ever and everGirl, I'm down on my kneesWhat's it gonna be?
What's it gonna be?
What's it gonna be?
What's it gonna be?What's it gonna be?
What's it gonna be?
What's it gonna be?
What's it gonna be?Baby, you and me
Baby, you and me
Baby, you and me
Baby, you and meOh oh, oh oh
Oh oh oh oh oh oh ohForever, baby, you and me, baby
I will be your man, you'll be my lady
We'll walk hand in hand, side by side
I will be the perfect groom, you the perfect brideWould you just think about it, baby
Think about it, baby
You and me will be together, girl
Rain, sleet, snow, no matter what the weatherJust think about it, baby

Think about it, girl
We'll be makin' love for eternity
Raise a family, girl, I'm on my knees sayin'Marry me
(Marry me)
Marry me
('Cause I love you, baby)
Marry me
(There is no other, baby)
Marry me
(Oh baby)Marry me
(Said a picket fence)
Marry me
(Dog and a house)
Marry me
(About twelve kids)
You cookin' me breakfast in the morning
I'm takin' the garbage outMarry me, marry me
Marry me, marry me
Marry me, marry me
Marry me, marry meMarry me
Marry me
Marry me
...
