Fortune Teller

Calexico

I was just standing, turning around
Thats when they caught me headin down
Keep on going dont look away
Thats what they tell me, thats what they sayOOOOh, OOOh, OOOOhYeah, thats what they tell me, thats what they sayYoure a pretty thought I support
Yeah, Im just tryin to hold up as I go
And one day I swear Ill spread my wings
Im on my way to finer thingsOOOOh, OOOh, OOOOhIm on my way to finer thingsIt wasnt just me playin those games
Still its my own fault just the same
I opened up, I let you in
Now these crystal feelings are wearing thinOOOOh, OOOh, OOOOhI opened up, I let you inIm walkin with the fortune teller
I can see my own way home
But I dont like this dark road anymore
And I dont want to be alone for longOOOOh, OOOh, OOOOhDont want to be alone for long
I dont want to be on this dark road alone
