

# Nobody Needs To Know

Jeremy Jordan

Hey, kid - good morning  
You look like an angel  
I don't remember when we fell asleep  
We should get up, kid  
Cathy is waiting...Look at us, lying here  
Dreaming, pretending  
I made a promise and I took a vow  
I wrote a story  
And we changed the ending  
Cathy, just look at me now! Hold on, facts are facts  
Just relax, lay low  
All right, the panic recedes:  
Nobody needs to know  
Put on my armor  
I'm off to Ohio  
Back into battle till  
I don't know when  
Swearing to her that I was  
Never with you  
And praying I'll hold you again Hold on, clip these wings -  
Things get out of hand  
All right, it's over, it's done  
No one will understand  
No one will understand... We build a treehouse  
I keep it from shaking  
Little more glue every time that it breaks  
Perfectly balanced  
And then I start making  
Conscious, deliberate mistakes  
All that I ask for  
Is one little corner  
One private room  
At the back of my heart  
Tell her I found one  
She sends out battalions  
To claim it and blow it apart I grip and she grips  
And faster we're sliding  
Sliding and spilling  
And what can I do?

Come back to bed, kid  
Take me inside you  
I promise I won't lie to you Hold on, don't cry yet  
I won't let you go  
All right - the panic recedes  
All right - everyone bleeds  
All right - I get what I need  
And nobody needs to know  
Nobody needs to know And since I have to be in love with someone  
Since I need to be in love with someone  
Maybe I could be in love with someone  
Like you...
