# Crazy

## Worth Dying For

Here I am, hands to the sky
I throw them high
Overwhelmed by saving grace
I sing Your praiseGive me all that You have
I want all of the world to see
The evidence in meI'll go crazy, jump for You
I'll go crazy, yell to You
The world will try to shut me up but they can't
Hold me down I will worship You like crazySince the pride that's deep inside
Take my life
Revive my soul, I want You Lord
To take controlGive me all that You have
I want all of the world to see
The evidence in meI'll go crazy, jump for You
I'll go crazy, yell to You
The world will try to shut me up but they can't
Hold me down I will worship You like crazyI'll go crazy, jump for You
I'll go crazy, yell to You
The world will try to shut me up but they can't
Hold me down I will worship You like crazyGive me all that You have
I want all of the world to see
The evidence in meWe go crazy, here we go, here we go
We go crazy, here we go, here we go
We go crazy, here we go, here we go
We go crazy, here we go, here we go
We go crazy, here we go, here we go
We go crazy, here we go, here we go
We go crazy, here we go, here we go
We go crazy, here we go, here we go
