

Long Gone

This Frontier Needs Heroes

I suffered long enough to know its time to change
where everything makes sense but everything is strange
could it be that i have walked into some arbitrary game
where everything you think is true is utterly insane
and everything you try tot take just sullies up your name
Long Gone Long Gone Long Gone
I come from a place
and I know who I am
chaos will thunderbolt right into this stubborn dam
when I heard you say I cant I said we can
watch as everything you need goes right into your hand
Long Gone Long Gone Long Gone
Set off into the night
and fly like a trapeze
go home and go to bed and get down on your knees
and don't forget before you wish the magic word is please
or you might end up like a crazy baron in the trees
Long Gone Long Gone Long Gone
