

Satin Sheets

[Loretta Lynn](#)

Satin sheets to lie on satin pillows to cry on but still I'm not happy don't you see
Big long Cadillacs taylor made upon my back but still I want you to set you free I found another man who can
give me more than you can
though you've given everything that money can buy
But your money can't hold me tight like he does on a long long night
No you didn't keep me satisfied(2)Satin sheets to lie on....
Oh but still I want you to set you free
