You Don't Have To Go

Onra & Quetzal

Well you wrote to me
And you made me see
That love is real, and it's not for me
And I promise you
Oh baby, when I am through
One all of my crazy days, I will take you away

You know I've nothing
That I've got nothing to hide
See, I've been a little
A little messed up inside

And it's alright with me
And it's easy to see
There's one thing that you out to know
It's just got me feeling out of control
Cause you took me to my soul
And baby you don't have to go

You don't have to leave, no, no
When you speak to me
It's like a dream
And I feel every word
And I know just what each word means, yes I do
When you sleep with me
Oh girl, the safety that it brings
In my heart, in my mind
I will love you for all time, yes I will

You know I've nothing
That I've got nothing to hide
I've been a little
A little messed up inside

And it's alright with me
And it's easy to see
There's one thing that out to know
It's just got me got me feeling out of control
Well you took me to my soul

And baby you don't have to go

Never go away
No, no, no, no

Don't ya know, don't ya know
Well if it's alright with me
And it's easy to see
The thing that out to know
It's just got me feeling out of control
Because you took me to my soul
And baby you don't have to go

I said it's alright with me
And it's easy to see
The thing to you out to know
You just got me feeling out of control
Because you took me to my soul
And baby, you don't have to go
