Come Around

Mindy Smith

Children of the world, come around
Every pair of sheep in sight, gather aroundLift up your voice to the baby
Put all your faith in the father
Jesus has come to save us all from sinWomen of the world, come around
Every mother of a child, gather aroundLift up your voice to the baby
Keep up your faith in the father
Jesus has come to save us all from sinSuch a heavy burden, carried by a child
Bring peace and hope to mankindWill the men of this world, come around
With your politics aside, gather aroundLift up your voice to the baby
Keep up your faith in the father
Jesus has come, bringing peace to usChildren of the world, come around
Mothers of the world, come around
Fathers of the world, come around
People of the world
